

NAME: KHADIJA NADAT

POST: STUDENT TRUSTEE

My name is Khadija and I am a student that falls into the minority group.

If elected, I promise to represent hard to engage with students.

I will ensure that all the people working at the Union are held accountable.

I will recommend improvement to ensure there is equal access to Union activities for all members

I am fair and honest person; these are key attributes that I possess.

I am able to read accounts and understand the legal requirements of the Union.

Since devoting myself to the Union I understand I need to be on all levels of the Union to ensure students issues are followed through in all levels from the student body to senate to the trustee as consistency is what I believe is lacking at the moment.

I am updated on Union activities and have been in the past 2 years.

I believe as a student trustee, I am very suited to this position because I already devote so many hours to ensure the student voice isn't forgotten.

To ensure all students have equal rights and that the Union is adhering to charity laws and the education act 1994.
