

**NAME: NOPHINA LORETTY**

**POST: STUDENT TRUSTEE**

Dear Senate,

I would like to run as a trustee because I am fair. I listen to both sides of the story and I am very passionate and honest.

I am updated on the Union issues and I know we are currently not adhering to the Constitution, Charity Law, Education Act 1994 and I intend to make sure that this is corrected as soon as possible.

I am already actively engaging with students and I am not afraid of standing up for what is right.

As a student Trustee I promise to make sure that the Union is abiding by its legal duties.

I will work with elected officers to ensure that the University refrain from controlling the Union. That all the people working in the Union are working for the student's interest and not the University.

I am pro-active and will help to bring the true meaning of Union back into our Students' Union.

I am already dedicated to the Union since I have come to this country and pledge to continue to do so.

Please vote for me, Nophina, to allow me to continue doing great things.

Thank you

Nophina
