***Please note that Associate members of the club cannot compete in BUCS, but can compete in local leagues.***

## **Team Selection**

- In league and knockout matches with more than 1 team, each team should be selected as though other teams would be playing on the same day. For example 1<sup>st</sup> team players can only play for the 1<sup>st</sup> team, lower teams can play their players upwards.
- First team and higher fixtures must be given priority should an institution be unable to fulfil its complete programme within each sport.
- When a team is eliminated from the conference knockout its players cannot go on to play for a lower team still in the competition.
